Description of Item to be charged to Contract allowance is as follows:

Item #	DESCRIPTION	COR AMOUNT
1	<p>Material and Labor Associated with RFI 164 Response - placing concrete in lieu of asphalt at Parking Lot (PCO #11R2)</p> <p>There are three large retention system storm drain pipes placed within the parking lot per plan. After installation, the manufacturer of the pipe noted concern regarding the amount of base course beneath the asphalt parking lot and above the top of pipe. Manufacturer requires 12 inches of base course to protect the piping, however the bid set drawings only call for 6 inches of base course. Per RFI #164, in order to protect the pipes, 6" of concrete is to be placed on top of the base course instead of asphalt. This change order includes the pricing for adding 4220SF of 6" reinforced concrete in the parking lot area, formwork, labor, and additional basecourse material, as well as a credit for the original asphalt paving which has now been deleted.</p>	\$ 30,299.95
