## **Re: Hazardous Materials Consulting Services-Task Order**

Mr. Saraceni:

CF Environmental, Inc. (CFE) is pleased to submit the following proposal, per your request, for Hazardous Materials Consulting Services to include asbestos, lead, PCB's, mold, and Indoor Air Quality (IAQ). These services are to be provided to the District on an as needed basis during construction and maintenance activities taking place during Fiscal Year 2019/2020. Consulting Services to include but not be limited to:

### Basic Services

1. Site Inspection and Assessment
2. Sample Collection and Analysis
3. Project Design
4. Construction/Progress Meetings
5. Project Management
6. Close-out Documentation
7. Emergency Response

## **COMPENSATION**

We propose that all work and services under the Master Task Agreement (MTA) for any single project will be billed on an hourly basis with a cost limit not exceeding \$15,000 per project for FY 2019/2020 for actual time spent in accordance with the attached hourly rate schedule. If a requested service for a single project is estimated to exceed \$15,000 in cost, then CFE will provide a project- specific proposal to the School District for Board review and authorization. The total amount for all projects under this agreement is not to exceed \$100,000. CFE will notify the District in writing prior to exceeding the total allowable fee for this Agreement.

Normal reimbursable expenses include the costs of travel, reproduction, delivery and mailing, and any state or local taxes imposed where the Project is located. Normal reimbursable expenses are in addition to the compensation for Basic Services and are billed at cost.

The standard of care for all professional services performed or furnished by CFE under this Agreement will be the care and skill ordinarily used under similar conditions at the same time and in the locality. CFE makes no warranties, expressed or implied, under the Agreement or otherwise, in connection with these services.

If the services covered by this Agreement have not been completed within twelve (12) months of the date of this Agreement, through no fault of CFE, the amount of compensation shall be equitably adjusted.

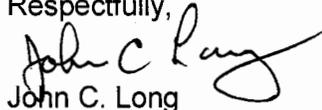

Any additional services beyond the scope of Basic Services will be performed upon authorization to CF Environmental and will be compensated on an hourly basis in accordance with the attached Hourly Fee and Instrument Rental Schedules.

### **SCHEDULE**

The time for completion of Basic Services for each project or work order will be estimated prior to start of the project.

If you have any questions concerning this proposal please contact me at my office at (818) 578-3332, by cell at (818) 414-8848 or e-mail at [cfenviro@roadrunner.com](mailto:cfenviro@roadrunner.com).

Respectfully,
