Note: All facility details will need to be coordinated and funded by William S. Hart Union High School District. As you know, the environment in which the training is conducted impacts training effectiveness. In order to ensure outstanding results for those attending, we will need your help in arranging the facility based on the specifications found below.

- There are to be no more than 50 people per trainer because of group processes involved.
- As our training is a process, participants must attend all sessions consecutively and should not “come and go” to sessions.
- There are no make-up-days for training. Please invite participants who will be able to attend both days.
- A quiet and service oriented facility should be selected for this type of training. Training cannot be conducted on district or school properties.
- A meeting room should be selected that is at least 40' X 70' (or 2800 square feet) in size for every group of 40 people expected and should be set in a “Modified Chevron” shape (see appendix A) with no participant's back positioned toward the presenter.
- Each meeting room should allow space for two breakout sessions on the first day.
- Training cannot be in a long, narrow room.
- Each meeting room should comfortably seat all participants. Each meeting room should have comfortable chairs, good acoustics, and lighting that can be dimmed or brightened on demand.
- In order to provide a quality presentation, we will need the following pieces of equipment to be provided, set up, and tested for function in each meeting room prior to our arrival at training:
  - Speaker's table or podium
  - Registration table
