Dear Captain Singh,

Please accept this letter as a formal invitation from the William S. Hart School District to students and faculty from Pinegrove schools to visit Santa Clarita this coming September and October. As they have with your previous visits, the governing board of the William S. Hart Union High School District has recently publicly supported this endeavor and we look forward to the educational and cultural exchange that will again occur between our students and those from Pinegrove schools.

I can assure you that each member of the Cultural Bridges Committee is committed to providing the visiting students a meaningful experience while they are our guests. The committee believes that the experience of interacting in a different culture can have an extremely positive impact on the life of students. With this in mind, the committee is arranging the housing, transportation and activities for the Pinegrove students. Individuals from both College of the Canyons and the City of Santa Clarita are helping in making these arrangements.

As with your previous visits, I look forward to working with Pinegrove School to bring students from India to Southern California for this extremely worthwhile program. Our past interactions profoundly influenced the worldviews of both the Indian students and the American families and students with whom they stayed. I again anticipate this type of positive outcome.

Sincerely,

David N. LeBarron
