

~~Regulation 6030 Integrated Academic And Career Occupational Instruction~~

~~Original Adopted Date: 02/28/96~~

**Status:**  
ADOPTED

Strategies for integrating academic and career/occupational instruction may include, but shall not be limited to:

- ~~1. Providing a sequence of courses related to various career paths.~~
- ~~2. Enhancing academic courses to increase relevancy to real life and workplace situations.~~
- ~~3. Incorporating more academic skills into career/occupational courses.~~

~~(cf. 6178 – Vocational Education)~~

- ~~4. Using both academic and career/occupational teachers to enhance academic content in vocational courses.~~
- ~~5. Providing teachers with opportunities to collaborate in aligning the content of their courses so as to demonstrate the relationship among various disciplines.~~
- ~~6. Developing career clusters and career majors that include a planned program of job training and work experiences.~~
- ~~7. Establishing work based learning opportunities in concert with the business community.~~
- ~~8. Establishing effective linkages between elementary, secondary, and postsecondary education.~~
