Re: Cost Proposal for DSA Inspector of Record Services for 03-121958 - La Mesa Junior High School 2 shade structures and outdoor lighting project

Dear Jack:

Independent Construction Inspection ("ICI") is pleased to submit this cost proposal for DSA Inspector of Record Services to William S Hart UHSD for The Canyon High School and Valencia High School Musco Lighting Projects. We are a full-service Inspection Company providing a wide range of inspection services and project closeout services, with over twenty one years in DSA inspection experience. ICI has no affiliation with the William S Hart UHSD and we have no history of litigation.

What sets ICI apart from other inspection companies is our combination of practical construction trade experience, our extensive inspection experience, and quite simply, common sense. Our goal is to exceed the expectations of our clients by providing professional and experienced inspectors and CQC managers committed to the inspection, observation and documentation essential to a successful, certified project. We are well-versed in the submittal process as well as the importance of a complete and thorough plan review, and have a thorough working knowledge of DSA requirements as well as good working relationships with DSA field engineers in LA, Orange, San Diego, Riverside and San Bernardino Counties.

We have a proven track record of successful projects and have provided inspection for Santa Monica College District, Laguna Beach SD, Ocean View ESD, Lynwood USD, Jurupa USD, Corona-Norco USD, Perris ESD, LAUSD, Santa Monica-Malibu USD, Walnut USD, Anaheim City SD, Long Beach USD, Nuviview SD and Alpine Union ESD.

We are unlike any firm you have worked with in the past, and guarantee to exceed your expectations while giving you peace of mind knowing that your students and your best interests are always our first priority. We pride ourselves on our problem solving approach, our teamwork and our commitment to keeping the safety and well-being of the students as our top priority. Our objective is to maintain the highest level of professionalism and integrity, while always keeping the District's needs in mind. Our

experience and extensive knowledge of products common to school projects will help to ensure the details are never missed. No other inspection company will give you the level of dedication and loyalty we provide; not out of obligation, but because of who we are.

We are committed to the resolution of all disputes within the construction team in a professional manner, and will not take any disagreement personally. ICI inspectors will always keep the best interest of the District, their Governing Board, and the health and safety of their students as our top priority in any dispute resolution process.

As President, I will be the primary point of contact for any services provided by ICI and will ensure that any and all requirements of the District are met in a prompt and professional manner. Any correspondence, questions, or concerns should be directed to:

Bill Jameson, President
Independent Construction Inspection
31211 Cherry Drive
Castaic CA, 91384

Cell
E-mail: Bill@ici-inspection.com

I am submitting myself for the projects mentioned above and I have included my resume for your review

Sincerely yours,

Bill Jameson, President
Independent Construction Inspection

Cost Proposal Rate Sheet for Class 1 DSA Inspector Services

Please find below ICI's hourly rate* for Class 1 Inspection Services.

- Class 1 Inspector \$100/hour

**All overtime would be cleared by the district and would be billed at time and a half.*

Pursuant to the construction schedule provided, ICI's Inspection Services will be provided from June to July with 4 weeks for punch list and closeout for a total of 44 days

44 days @ 4 hours per day = 176 hours

We have calculated that our inspection will encompass 176 hours for a total budget of \$17,600
